

Hinged-lid keepsake box

gif-148 / LETTER / Parts overview - NOT A CUTTING SHEET

USE THE FOLLOWING PATTERN SHEETS AT ACTUAL SIZE.

These miniature views identify the supplied patterns; they are deliberately reduced.

1. Pattern 1

1 pattern sheet supplied. Printed details are not cut lines unless explicitly marked.

Solid cut boundary / dashed score / shaded joining area. Read the full instructions.

Dry-fit the parts before gluing. Keep this overview beside the full-size pattern sheets.

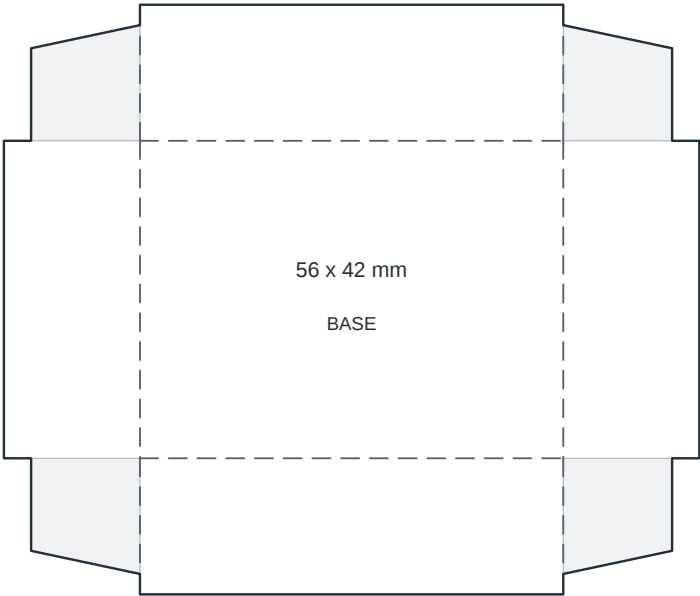

Print at actual size / 100%. Disable fit-to-page.
Use the paper edition that matches the printer tray.

Hinged-lid keepsake box

gif-148 / LETTER / Instructions

PURPOSE

Hinged-lid keepsake box developed as a fixed-size paper pattern with separate cut, fold and joining marks. Use the stated drawing sizes and make an empty trial before choosing material or contents.

DRAWING FACTS

- Inner tray panel: 56 x 42 mm with 18 mm walls.
- Cover strip panels: [44, 18, 44] mm; width 58 mm. Match the tray orientation before adhesive.

MATERIALS

Plain paper for a first trial, a ruler, scissors and a blunt scoring tool; adult help for internal cuts.

HOW TO USE THESE PAGES

1. Cut all supplied parts with their corner tabs attached and score the marked folds.
2. Raise the base tray walls. Glue each shaded corner tab behind its adjacent wall and let the tray dry square on a flat surface.
3. Fold the separate cover along its two parallel hinges. Dry-fit the tray on the shaded cover panel, with the narrow spine alongside the matching tray wall.
4. Bond only the shaded cover panel to the tray base. Leave the spine and opposite cover panel free so the cover opens. Check that the cover closes without bowing the tray.

LIMITS AND CHECKS

- Nominal drawing dimensions are not a tested usable-capacity, load, mailing, food-contact or archival specification.
- Do not place valuable, wet, hot or breakable items in an unreviewed paper prototype.
- Trial: Measure the 50 mm reference and at least two named panel dimensions.
- Trial: Assemble an empty plain-paper trial; record closure, seam, clearance and material behavior.

50 mm print check

Print at actual size / 100%. Disable fit-to-page.
