Bundle unwrapping instruction card

Assembly and use / Print at actual size / Make a plain-paper trial

MAKE THE PROJECT

Write short opening instructions on a card for a layered gift bundle.

YOU WILL NEED

Matching printed sheet; ruler; pencil; scissors. Additional materials are identified in the steps.

50 mm scale check | Measure after printing
Print at actual size. See how to make the guide.

TEMPLATE REFERENCE

- 01 Print the sheet. Use the title line to identify the bundle or the first layer to open.
- 02 Write the opening order on the two ruled lines, naming any tape, tie or removable layer that needs attention.
- 03 Test the written order while assembling a trial bundle. Revise any step that would damage the contents.
- 04 Cut the rounded card border and place the card where the recipient sees it before opening the bundle.

Use clear instructions for the actual wrapping. Do not direct a recipient to cut toward the contents or use an unsuitable tool.
