TRY IT

☐ circle the multiples of 5

☐ find a diagonal pattern

☐ shade the numbers ending in 2

☐ cover a number and name 10 more

hundred chart

See number patterns across 1-100.

TRY IT

- ☐ fill the chart from memory
- ☐ choose one row and count by tens
- ☐ mark numbers you know quickly
- ☐ make your own pattern

0-99 number chart

Start at zero. Move right by one and down by ten.

0	1	2	3	4	5	6	7	8	9
10	11	12	13	14	15	16	17	18	19
20	21	22	23	24	25	26	27	28	29
30	31	32	33	34	35	36	37	38	39
40	41	42	43	44	45	46	47	48	49
50	51	52	53	54	55	56	57	58	59
60	61	62	63	64	65	66	67	68	69
70	71	72	73	74	75	76	77	78	79
80	81	82	83	84	85	86	87	88	89
90	91	92	93	94	95	96	97	98	99

TRY IT ON THE CHART

☐ Point to 0 and count to 9.

☐ From 23, move down one row.

☐ Find every number ending in 4.

☐ Compare the positions of 9 and 10.
